To strengthen the bond between inmates and their families and to ease their longing for loved ones, Yilan Prison held the "2025 Mid-Autumn Festival Inmate Family Phone Call Event" on the 18th at the Chapel. We sincerely thank Chunghwa Telecom Yilan Branch for its long-term sponsorship by providing 288 phone lines free of charge. These lines allowed all inmates to make phone calls without cost, helping bridge the emotional distance between them and their families.

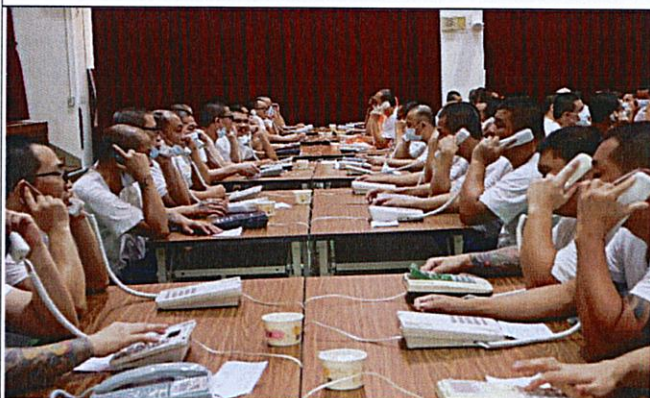

In the special moment the calls connected, emotions of care and longing surged in the hearts of the inmates. The scene that day was filled with a heartwarming and touching atmosphere.
